

SAFETY | PRECISION | INNOVATION | COMFORT | RELIABILITY | ELEVATION

BUILT TO MOVE. DESIGNED TO BELONG

*Where engineering, design and
vertical mobility come together.*

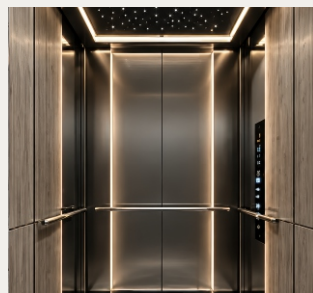

B-EXTREME 300

*Designed around
the way you live.*

B-CORE SERIES

*One core. Multiple possibilities.
Engineered for every application.*

AESTHETICS

*Cabins that become
part of the architecture.*

SAFETY STANDARDS

*Built to meet rigorous safety
standards at every stage.*

TWO APPROACHES. ONE STANDARD OF ENGINEERING.

From premium residential mobility to specialised vertical transportation, BlueBell develops elevator solutions around the requirements of each space. At the heart of the range are B-EXTREME 300 for modern residential applications and the B-CORE family for commercial and specialised requirements.

B-EXTREME 300 THE PREMIUM BELT ELEVATOR

Designed for modern residential spaces, B-EXTREME 300 brings together belt-drive technology, refined engineering and a premium passenger experience.

BELT DRIVE

Advanced belt-driven elevator system

SILENT RIDE

Engineered for a quieter passenger experience

PREMIUM COMFORT

Smooth and refined movement

MODERN ENGINEERING

Designed around today's architectural structures

250-630 KG | 2-8 PERSONS | UP TO 1.0 M/S | 2-6 STOPS | GEARLESS TRACTION

WHEN THE REQUIREMENT CHANGES, THE ENGINEERING ADAPTS.

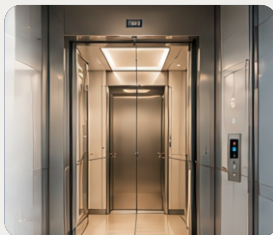

B-CORE SERIES

ONE CORE. FIVE PURPOSES.

A family of vertical transportation solutions engineered for different environments from compact dumbwaiters to passenger, hospital, goods and automobile lifts.

B-CORE 1000
DUMBWAITER

B-CORE 2000
PASSENGER

B-CORE 3000
HOSPITAL

B-CORE 4000
GOODS / SERVICE

B-CORE 5000
AUTOMOBILE

EVERY DETAIL MATTERS.

*An elevator is experienced
in seconds.
The moment the doors open.
The way the light falls.
The feel of the materials.
The clarity of the controls.
Every detail contributes
to the experience.*

*"When engineering disappears into the experience,
design has done its job. "*

WHY BLUEBELL?

More Than Elevators. A Higher Standard.

At Bluebell Elevators, we don't just move people and goods we move possibilities. With a commitment to precision engineering, timeless design and uncompromising safety, we create mobility solutions that elevate buildings, businesses and everyday lives.

Because for us, it's not just about reaching a destination. It's about the journey and everything it makes possible.

Built on Trust. Backed by Standards.

All BlueBell elevators are designed, installed, tested and maintained in accordance with the applicable Bureau of Indian Standards (BIS) requirements, including IS 17900 (Part 1): 2022 Lifts for the Transport of Persons and Goods: Safety Rules, together with other relevant parts of the IS 17900 series, as applicable to the installations.

SAFETY
Engineered with multiple layers of protection

QUALITY
